Tajuk : Thank You Lunch For STEMfest Helpers.

## Thank You lunch for STEMfest helpers

**KOTA SAMARAHAN:** A Thank You lunch was held for those who contributed to the success of International Festival of Science, Technology, Engineering and Mathematics (STEMfest) held at Universiti Malaysia Sarawak (Unimas) here yesterday.

Global STEM States Project Director, Scott Campbell expressed his appreciation to those who had helped.

"You have walked away with better people management and conflict resolution skills, as well as a better sense of what teamwork is all about.

"As you progress forward in life and run events like this, you will feel a range of emotions but you must also learn to stop and celebrate success and what you have achieved," he said.

Campbell said that they should analyse what they had learned and use it to move forward to become better persons.

"This event has also helped Sarawak to progress towards a more developed nation.

"I am extremely proud of all of you and I appreciate everything that you have done," he said.
